Volume 13, 1994 Subject Index

Abscesses, retinal, secondary lymphoma presenting as (CR) 24
Acute cholecystitis, clot (CS) 69
ACE inhibitor, effect on creatinine clearance in cirrhosis (OA) 79
Adenomatous polyps, collision tumor of gastrointestinal tract (CS) 29
Age related prevalence of Helicobacter pylori antibodies in Indian subjects (OA) 92
Antibodies to Helicobacter pylori, age related prevalence of, in Indian subjects (OA) 92
Achalasia cardia, with antral diaphragm (CS) 143
Antral diaphragm in achalasia (CS) 143
Ascites cirrhosis of spontaneous bacterial peritonitis (SR) 139
Biliary surgery, current practice in India (OA) 49
Biliary tract surgery, current practice in India (OA) 49
Bilio-cutaneous fistula, postoperative, treated with endocholedochal prosthesis (CR) 99
Budd-Chiari syndrome, current concepts (GH) 9
Biliary obstruction, nonsurgical drainage (SA) 118
Carcinoid tumor, malignant, of esophagus (CS) 67
Carcinoid tumor, multiple, gastric, association with adenomas (CS) 105
Carcinoid tumor, psammomatous, of duodenum (CS) 26
Carcinoid, collision tumor of gastrointestinal tract (CS) 29
Cholecystectomy, laparoscopic (OA) 52
Cholecystitis, calculous, endoscopic nasobiliary drainage in (OA) 83
Cholecystitis, clot (CS) 69
Cholecystostomy, percutaneous, in clot cholecystitis (CS) 69
Cirrhosis, creatinine clearance estimation in (OA) 79
Cirrhosis, estimation of glomerular filtration rate in (E) 77
Cirrhosis, genetic hemochromatosis presenting as asymptomatic hepatomegaly (CR) 64

Clinico-psychiatric assessment in chronic intractable pain in abdomen (SR) 56
Clot cholecystitis (CS) 69
Collision tumor of gastrointestinal tract (CS) 29
Colon, Hodgkin's lymphoma, cause of isolated splenic vein obstruction (CS) 70
Colondiverticulosis in India, the changing scene (OA) 86
Conference Report 35, 73
Cranial nerve palsy associated with acute hepatitis B (CS) 101
Creatinine clearance estimation in liver cirrhosis (OA) 79
Cirrhotic ascites, spontaneous bacterial peritonitis (SR) 139
Cutaneous metastasis, presentation of gastric carcinoma (CS) 146
Delta virus infection in hepatitis B virus related liver diseases (L) 107
Diverticulitis, colonic (OA) 86
Diverticulosis, colonic, in India (OA) 86
Duodenal ulcer, platelet serotonin uptake in (SR) 54
Duodenal, psammomatous carcinoid tumor of (CS) 26
Duodenum, unusual foreign body in (L) 33
Dyspepsia, chronic intractable pain, clinico-psychiatric assessment in (SR) 56
Dysphagia, manometric analysis of the pharyngo-oesophageal segment (SA) 58
Duodenal ulcer perforation, operated, gastric and serous (SR) 135
Duodenal, large villous adenoma (CS) 145
Electron microscopy, ultrastructural changes in mild gastroesophageal reflux disease (OA) 83
Endoscopy, role of routine estimation of creatinine clearance in patients with liver cirrhosis (OA) 79
Endocholedochal prosthesis for postoperative bilio-cutaneous fistula (CR) 99
Endoscopic cholangiography and laparoscopic cholecystectomy
Endoscopic esophageal sclerotherapy in children using 3% aqueous phenol (OA 1)

Endoscopic nasobiliary drainage in acute supplicative cholangitis (OA 83)

Endoscopic retrograde pancreatoscopy, biliary pancreas (CS) 66

Enteric infection, omeprazole and (L) 33

Epidemiology, hepatitis E virus, clinical and serological studies of a north Indian epidemic (OA 4)

Esophageal endoscopic sclerotherapy in children using 3% aqueous phenol (OA 1)

Esophageal sphincter, upper, manometry (SA 58)

Esophageal tumor, primary malignant carcinoid (CS 67)

Esophageal varices, endoscopic sclerotherapy in children using 3% aqueous phenol (OA 1)

Esophageal webs, multiple (CS 102)

Esophagus, primary malignant carcinoid (CS 67)

Esophagus, endoprosthesis in malignant stricture (SA 128)

Endoprosthesis, in malignant stricture of esophagus (SA 128)

Esophagus, involvement in pemphigus vulgaris (SR 133)

Fistula, bilio-cutaneous, postoperative, treated with endocholedochal prosthesis (CR 99)

Foreign body in duodenum (L) 33

Fungal colonization, in peptic ulcer (OA 115)

Fibrolamellar hepatocellular carcinoma (CS 148)

Gall bladder surgery, current practice in India (OA 49)

Gall bladder, laparoscopic cholecystectomy (OA 52)

Gastric metaplasia and Helicobacter pylori infection in intestinal tuberculosis (OA 5)

Gastric hypersecretion, multiple gastric carcinoids with adenomas (CS 105)

Gastroesophageal reflux disease, esophageal webs in (CS 102)

Gastroesophageal reflux disease, mild, ultrastructural changes in (OA 89)

Gastrointestinal bleed in Hodgkin's lymphoma of colon (CS 70)

Gastrointestinal tract, collision tumor of (CS 29)

Gene therapy, hepatocyte transplantation, new strategies for hepatic reconstitution and (SA 13)

Genetic hemochromatosis presenting as asymptomatic hepatomegaly (CR 64)

Glomerular filtration rate in cirrhosis (E) 77

Gastric acid, in operated perforated duodenal ulcer (SR 135)

Gastric carcinoma, presenting as cutaneous metastasis (CS 146)

Health care personnel, blanket hepatitis B vaccination for (L) 107

Helicobacter pylori antibodies, age related prevalence of, in Indian subjects (OA 92)

Helicobacter pylori infection and gastric metaplasia in intestinal tuberculosis (OA 5)

Hemochromatosis, genetic, presenting as asymptomatic hepatomegaly (CR 64)

Hepatitis B carriers, trial of Phyllanthus amarus in, failure to eradicate surface antigen (OA 7)

Hepatitis B surface antigen, failure to eradicate, trial of Phyllanthus amarus in hepatitis B carriers (OA 7)

Hepatitis B vaccination of health care personnel, future investment or wastage? (L) 107

Hepatitis B virus related liver diseases, delta virus infection in (L) 107

Hepatitis B, acute, cranial nerve palsy associated (CS 101)

Hepatitis E virus, epidemiological, clinical and serological studies of a north Indian epidemic (OA 44)

Hepatitis E, from hypothesis to reality (E) 39

Hepatitis non-A non-B, epidemiological, clinical and serological studies of a north Indian epidemic (OA 44)

Hepatocyte transplantation, new strategies for hepatic reconstitution and gene therapy (SA 13)

Hepatomegaly, asymptomatic, genetic hemochromatosis presenting as (CR 64)

Hodgkin's lymphoma of colon, cause of isolated splenic vein obstruction (CS 70)

Hydronephrosis, ureteral obstruction following acute pancreatitis (CS 31)

Hypertension, portal, and Hodgkin's lymphoma of colon (CS 70)

Hypertension, portal, esophageal endoscopic sclerotherapy in children using 3% aqueous phenol (OA 1)

Hepatocellular carcinoma fibrolamellar (CS 148)

Infection, enteric, and omeprazole (L) 33

Instructions To Authors 37

Intestinal myiasis (CS 28)

Intestinal tuberculosis, gastric metaplasia and Helicobacter pylori infection in (OA 5)

Laparoscopic cholecystectomy, analysis of 100 cases (OA 52)

Liver, cirrhosis, creatinine clearance estimation in (OA 79)

Liver, cirrhosis, esophageal endoscopic sclerotherapy in children using 3% aqueous phenol (OA 1)

Lymphogranuloma venereum, rectal, associated with adenocarcinoma (CS 103)

Lymphoma, Hodgkin's, of colon, cause of isolated splenic vein obstruction (CS 70)

Lymphoma, secondary, presenting as rectal abscesses (CR 24)

Maggots, intestinal myiasis (CS 28)

Magnetic resonance scan in genetic hemochromatosis (CR 64)

Malignancy, primary, carcinoid of the esophagus (CS 67)

Manometry of pharyngo-esophageal segment (SA 58)
Metaplasia, gastric, and Helicobacter pylori infection in intestinal tuberculosis (OA) 5

Myiasis, intestinal (CS) 28

Multiple endocrine neoplasia 141

Nasobiliary drainage, endoscopic, in acute suppurative cholangitis (OA) 83

Neurolgia, cranial nerve, associated with acute hepatitis B (CS) 101

Neuroendocrine tumor, primary malignant carcinoid of esophagus (CS) 67

Neuroendocrine tumors, multiple gastric carcinoids with adenomas (CS) 105

Necrotizing enteritis simulating Pig-bel disease (OA) 109

Non-surgical drainage, in biliary obstruction (SA) 118

Omeprazole and enteric infection (L) 33

Pain in abdomen, chronic intractable, clinicopsychiatric assessment in (SR) 56

Pancreas, anatomic variation, bifid pancreas (CS) 66

Pancreas, bifid, endoscopic retrograde pancreatographic curiosity (CS) 66

Pancreatitis, acute, ureteral obstruction following (CS) 31

Paracentesis, large volume, role of routine estimation of creatinine clearance in patients with liver cirrhosis (OA) 79

Paracentesis, effect on creatinine clearance in cirrhosis (OA) 79

Peptic ulcer, platelet serotonin uptake in (SR) 54

Peutz-Jeghers syndrome with polyactyly (L) 72

Pharyngeal-esophageal segment, manometry (SA) 58

Pharynx, manometry (SA) 58

Phenol, 3% aqueous, esophageal endoscopic sclerotherapy in children using (OA) 1

Phyllanthus amarus in hepatitis B carriers, failure to eradicate surface antigen (OA) 7

Platelet serotonin uptake in duodenal ulcer patients (SR) 54

Polyactyly and Peutz-Jeghers syndrome (L) 72

Polypos, adenomatous, collision tumor of gastrointestinal tract (CS) 29

Postoperative bilateral cutaneous fistula treated with endocholedochoal prosthesis (CR) 99

Psammomatous carcinoid tumor of duodenum (CS) 26

Psychiatric assessment in chronic intractable pain in abdomen (SR) 56

Pig-Bel disease simulating necrotizing enteritis (OA) 109

Pancreas, solid and cystic papillary neoplasms (OA) 112

Peptic Ulcer, Fungal Colonization (OA) 115

Pectus carinatum, esophageal involvement (SR) 133

Pseudomyxoma peritonei (SR) 137

Primary Hodgkin's disease, small intestine (L) 150

Rectal abscesses, secondary lymphoma presenting as (CR) 24

Rectal adenocarcinoma, lymphomangulations of the colon associated with (CS) 103

Rectal lymphangiomata venereum associated with adenocarcinoma (CS) 105

Sclerosing cholangitis, acute, endoscopic naso-biliary drainage in (OA) 83

Surgery, biliary, current practice in India (OA) 49

Spontaneous bacterial peritonitis, in cirrhotic ascites (SR) 139

Small intestine, primary Hodgkin's disease (L) 150

Transplantation, hepatocyte, new strategies for hepatic reconstitution and gene therapy (SA) 13

Tuberculosis, intestinal, gastric metaplasia and Helicobacter pylori infection in (OA) 5

Tumor, carcinoid, psammomatous, of duodenum (CS) 26

Tumor, collision of gastrointestinal tract (CS) 29

Ulcer, duodenal, platelet serotonin uptake in (SR) 54

Ultrasonography in ureteral obstruction following acute pancreatitis (CS) 31

Ultrastructural changes in mild gastroesophageal reflux disease (OA) 89

Ureter, obstruction following acute pancreatitis (CS) 31

Ureteral obstruction following acute pancreatitis (CS) 31

Vaccination, hepatitis B, of health care personnel (L) 107

Varices, esophageal endoscopic sclerotherapy in children using 3% aqueous phenol (OA) 1

Villous adenoma, large, in duodenum (CS) 145

Webs, esophageal, multiple (CS) 102

Wilson's disease, hepatic presentations (OA) 95
